Congratulations to our beloved editors!! Thank you for your hard work :)

EDITOR'S NOTE

Happy July Key Clubbers! This summer is going by pretty fast, so make sure to complete as many service hours as you can before school officially starts in August. Though we only have one month left, we still have many service projects that you can look forward to.

So far, this term has been going very well thanks to everyone's hard work and dedication! Being in Key Club has been a blessing and a great learning experience for me. We as a community continue to learn and grow together while carrying out the values of service. Thank you everyone, and stay safe!

PRESIDENT'S MESSAGE

Happy summer, Damien Memorial Key Club
Ohana! With school being out, we have one more
month before our next year starts to complete as
much service as possible. This month, you can look
forward to a multitude of projects that take you

outside of your house and into your communities.

We'll be starting off this month with a project called the Birthday Party Project, which we have completed in the past, with our sister club, Kapolei Key Club. This specific project focuses on creating care packages and handwritten cards for orphaned children on their birthdays. We also had members sign up for the Children's Discovery Center Summer Camp, where members educated pre-school and elementary students on the importance of preserving their environment and appreciating the cultures around them. Lastly, our club will be cleaning up Kapi'olani Park, like how we did back in October 2021. There will be a lot of service opportunities throughout the summer, so please make sure to participate!

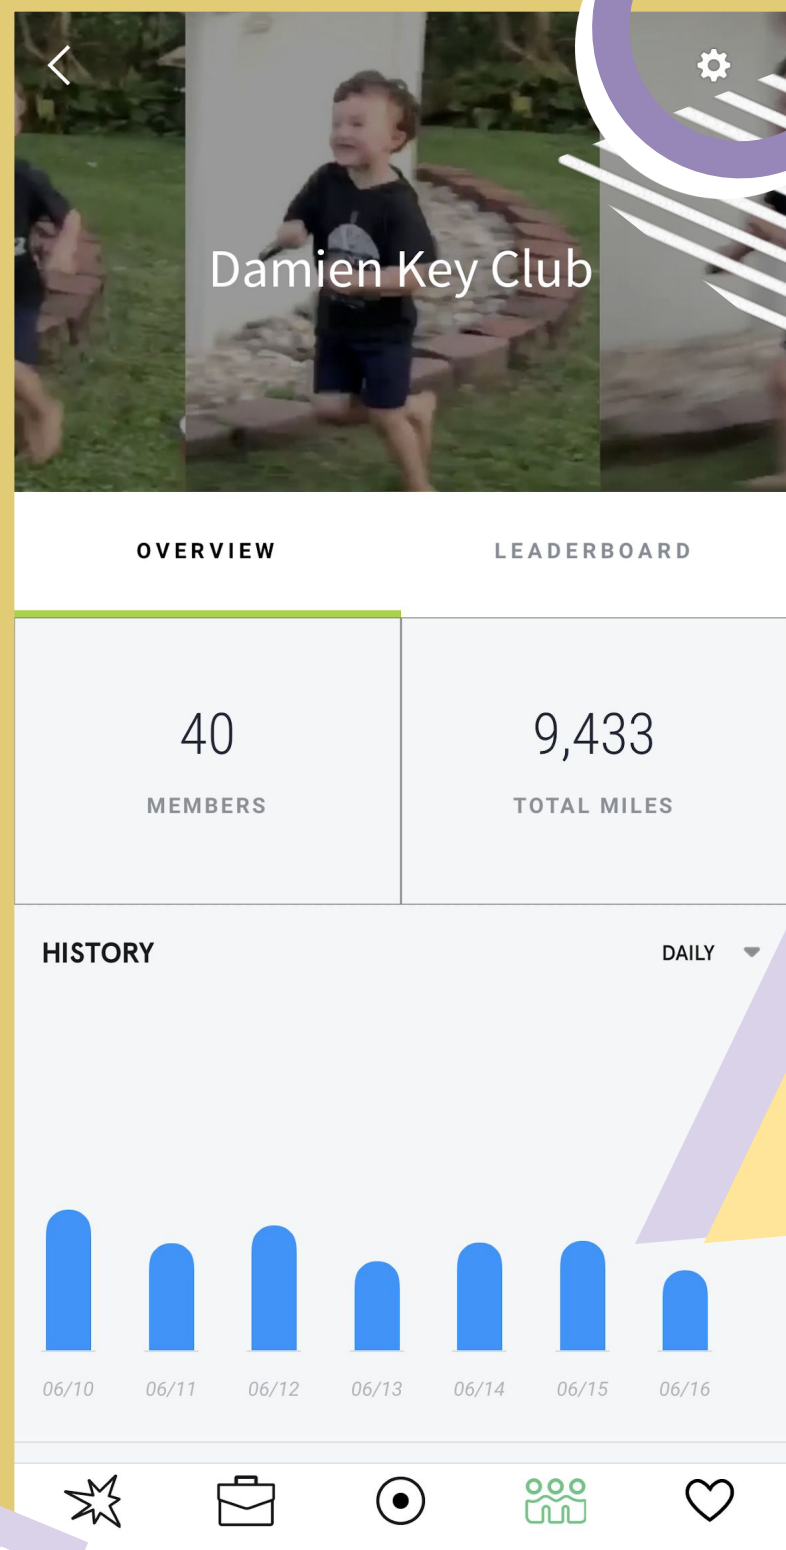

I congratulate you members on completing one-third of the Key Club term. Please continue to serve your home, school, and community by participating in our monthly projects and attending our general meetings, once school starts back up!

CHARITY MILES

Charity Miles is undoubtedly a favorite project for the Damien Memorial Key Club. Seeing as board members busied up for the past three months with planning and executing the blood drive, general members took gaining hours in their own hands by completing Charity Miles over the summer.

The app, Charity Miles, converts the amount of miles a person traversed either through walking, running, jogging, and etc. into real-life donations to charities such as UNICEF, March of Dimes, and the American Diabetes Association: all charities supported by Key Club International.

This project is a great way for members to get exercise and experience fresh air outside of their households while also giving back to the community. It's a win-win situation!

BLOOD DRIVE

Summertime is a difficult time of the year to hold a successful blood drive (especially with the student body being on summer break), but every pint counts... and these lifesaving pints that you all helped our club to collect will be very much appreciated by our local hospitals and their patients!

On behalf of Damien Memorial Key Club, Blood Bank of Hawaii, HUGS, and the patients of Hawaii, we thank YOU Damien Memorial School Key Clubbers and community for all the hard work you dedicated to organizing this blood drive. These donations will not only be saving lives this summer, but BBH will be matching every blood donation with a donation of essential items to a HUGS family in need. From the bottom of our hearts, thank you for your commitment to ensuring patients receive the lifesaving blood products that they need to experience another day, embrace another loved one, and celebrate all the joy that life has to offer!

IMPORTANT DATES FOR THE MONTH OF JULY

9
Birthday Posters
for Orphans

23
Kapi'olani Park
Cleanup

31
Shave the Day
