Victoria Recuperero

Congratulations Torrie! Thank you for your continuous service!

Happy fall Key Clubbers, I hope everyone had an amazing October and Halloween! Going into the month of November, we welcome Thanksgiving at the end of the month, and new service projects.

We're getting closer to the end of the year, so make sure to stay on top of your service hours. As we have closed off membership for this Key Club term, everyone still must uphold their duties as Key Club members by attending the general meetings, going to service projects, and communicating with Pat if something comes up. Key Club is all about helping you guys to gain hours by providing opportunities, but every member must do their part for us to do so. With that being said, I hope everyone has a fall-tastic November!

Happy November, Damien

Memorial Key Club members! Thank you all for turning in your forms and dues last month; it's exciting to see so many new members compared to our last term, and our board is in the process of planning more in-person projects for you all to attend.

This month is the month of the holiday of Thanksgiving, so our service projects are mainly focused on giving thanks to the people around us. This month, we are helping out at the November Special Olympics service project and a beach cleanup at Ala Moana Beach Park.

Thanksgiving break is coming up, which means more time for service! During break, please make sure to stay safe and spend Thanksgiving with the people you love, whether virtual or in-person. Although we will be on break soon, we'll be as active as we were in the past months, so expect more in-person service projects, since we can now bring more people outside!

TREES FOR KAIMUKI!!!

On October 15, Damien Memorial Key Club teamed up with Diamond Head State Monument to participate in another Trees for Kaimuki project. Members walked to the Peace Garden to get their hands dirty by completing various tasks to maintain and restore parts of the garden. Their primary tasks were to pull weeds and clear areas to allow for plant growth. The first part of the project involved clearing a small area to let grass fill in. The second part was pulling weeds and planting various things.

Overall, this project was fun and hands-on. We were also able to enjoy the beauty and peace of the garden throughout and after the project. We hope our contributions will allow easier garden maintenance and improve a peaceful environment for the surrounding community to enjoy.

CHILDREN'S DISCOVERY CENTER HALLOWEEN BALL

October is the spookiest time of the year when we all can dress up in costumes and get free candy from our neighbors. These festivities are especially enjoyed by all of our children. On October 30, the day before Halloween, Key Club members dedicated their Sunday morning to a project at the Children's Discovery Center in honor of Halloween. For the Halloween Ball, they dressed in costumes to pass out candy and facilitate games at the center.

This project was a great way to give back to the youth of the community, the pride and joy of our island. We hope that the children had fun at the Discovery Center, just like our Key Club members did!
